### **EXPERIENCE**

Head, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. July 2014 to present.

Interim Head, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. October 2013 to June 2014.

Professor, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. June 1996 to present.

Interim Head, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. October 2008 to August 2009.

Graduate Program Coordinator, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. On-campus program, June 1992 to August 2001, Masters of Agribusiness, June 1997 to present.

Associate Professor, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. July 1991 to June 1996.

Equitable Agribusiness, Atlanta, Georgia. Two month mini-sabbatical. January-March 1991.

Assistant Professor, Kansas State University, Manhattan, Kansas. Department of Agricultural Economics. July 1986 to June 1991.

Research Assistant, Purdue University, West Lafayette, Indiana. Department of Agricultural Economics. August 1982 to July 1986.

Farm worker, Featherstone Farm, Walworth, Wisconsin. Worked on family farm 1970-82.

## **EDUCATION**

Ph.D. in Agricultural Economics, August 1986

Purdue University, West Lafayette, Indiana

Dissertation Title: "A Portfolio Choice Model of the Financial Response of Indiana Farms to Alternative Price and Income Support Programs." GPA 5.9/6.0

M.S. in Agricultural Economics, May 1984

Purdue University, West Lafayette, Indiana

Thesis Title: "Evaluation of Alternative Tillage Systems Using Farm Data from Wabash County, Indiana." GPA 6.0/6.0

B.S. in Agricultural Economics and Economics, Double major, February 1982, University of Wisconsin - River Falls, River Falls, Wisconsin. GPA 3.7/4.0

## **RANKINGS AND PRODUCTIVITY MEASURES**

Cited over 603 times in the journals covered by Web of Science Indices through December 2015. Note that many agricultural economics journals are not covered by the indices.

Over 2575 citations in Google Scholar (as calculated by Harzing's Publish or Perish) (January 23, 2016).

REPEC (<http://ideas.repec.org/e/pfe31.html>). Ranked #2 of Kansas Economists and #1 at Kansas State University using weighted rank. Ranked in the Top 5% of economists in (i) number of works, (ii) number of distinct works, (iii) number of distinct works, weighted by number of authors, (iv) number of journal pages, (v) number of journal pages, weighted by number of authors, (vi) number of abstract views in RePEc services over the past 12 months, weighted by number of authors, (vii) number of downloads through RePEc services over the past 12 months, weighted by number of authors, (viii) betweenness measure in co-authorship network. January 2016.

## TEACHING ACTIVITIES

AGEC 713 **Agribusiness Financial Management.** This course covers financial management, long-term investment analysis, and the cost of capital for agribusiness. Topics covered include long-term decision-making, valuation of durable assets, investment utilization strategies, accounting for risks, and liquidity relationships. Applications include agribusiness decision making, valuing research, and project analysis.

Have taught the course 21 times. The course is delivered roughly 40 percent through on-campus short courses and 60 percent through distance education. Course uses both synchronous and asynchronous presentation via distance through K-State Online.

AGEC 923 **Economics of Agricultural Production.** A study of agricultural production response to prices; methods of estimating supply response and price expectations; the effects of government and institutions on agricultural supply and the role of risk, technical change, and the number and size of farms on agricultural supply.

Have taught the course 25 times. Developed this Ph.D. level production economics course. Quantitative topics covered include Risk Management, Nonlinear Programming, and Duality. An emphasis is put on the professional development of the Ph.D. student through required term papers. A number of these papers have been presented at professional meetings and have been published as journal articles.

AGEC 710 **Comparative Food and Agriculture Systems.** This course provides a comparative analysis of the business and economic situation of the global food and agriculture sector. The course will cover the European Union, Russia and the Former Soviet Union, South America, South Asia, Oceania, Sub-Saharan Africa, and East Asia. The course will focus briefly on the historical development, the current situation, and the future outlook of the food and agriculture sector. Upon completion of this course, students will be able to evaluate the comparative advantage of the United States in the production of food and fiber.

Have taught the course 23 times. Developed masters level elective course for the Masters in Agribusiness. The course is team taught by Nic Lees, Lincoln University, New Zealand, Roberto Fava Scare, University of São Paulo, São Paulo, Brazil, Ravipim Chaveesuk, Kasetsart University, Bangkok, Thailand, Krissana Treerilvattanakul, Kasetsart University, Bangkok, Thailand, Maud Roucan-Kane, Ecole d'Ingénieurs de Purpan, Toulouse, France, Pavel Sorokin, Russian State Agrarian University, Moscow, Russia, Theodora Hyuha, Makerere University, Uganda, and Rajinder Sidhu, Punjab Agricultural University, India. The course provides an overview of the important topics covering the Global food and agricultural sectors. The course is delivered via distance technology.

- AGEC 740 **Seminar in Agricultural Economics Analysis.** Seminar on methods of economic analysis will be offer upon sufficient demand.
- Have taught the course 17 times. Developed masters level course on research methods for the Masters in Agribusiness course. The course covers the research process. Specifically, the student should learn to set up concise research objectives, carry out a literature review, determine the appropriate economics theory, and determine the appropriate research methods. The course is delivered via distance technology.
- AGEC 936 **Quantitative Topics in Agricultural Economics.** A study of recent and/or relevant developments concerning quantitative methods in agricultural economics and economics. The course will include assigned problems to apply selected techniques of analysis. The objective is to expose students to the vast literature of alternative techniques and tools that are available to solve applied economic problems.
- Have team taught the course 13 times. My section of the course covers nonlinear optimization methods. Specifically, optimality conditions, unconstrained methods, linearly constrained methods and nonlinearly constrained methods are covered. My section covered roughly 25 percent of the semester.
- AGEC 450 **Agricultural Economics and Agribusiness Seminar.** Seminars of special interest will be offered upon sufficient demand in selected areas relating to agricultural economics and agribusiness or competitive teams qualifying for academic credit.
- Have worked with the course for 19 years. Faculty advisor for the Frontier Farm Credit/KSU Student Board of Directors. The students in this course are selected by Farm Credit Services to serve on the student board of directors. This Board carries out a research project for Frontier Farm Credit.
- AGEC 680 **Risk Management.** An introduction to the use of futures, options, derivatives and other financial instruments as tools for risk management. Topics would include arbitrage, asset pricing, cash flow analysis, efficient markets, insurance, leverage, portfolio analysis, risk, and valuation. Tools of risk management will be applied to case and real time agricultural examples.
- Team taught the course once. My section of the course covered diversification and portfolio risk, mean-variance analysis, the capital asset pricing model, and the cost of capital. My section covered roughly 20 percent of the semester.
- AGEC 513 **Agricultural Finance.** Analysis of capital investments, interpretation of financial statements, capital structure considerations for agricultural firms, and farm real estate pricing.

Taught the course 10 times. Problem solving skills and consistency were emphasized through the completion of 25 homework sets throughout the semester.

AGEC 490 **Computer Applications in Agricultural Economics.** Applications of microcomputers to problems in agricultural economics. Emphasis on budgeting, cash flow, record keeping, financial analysis, and information analysis.

Taught the course 4 times. Topics covered included DOS, WordPerfect, and Database Management and Regression using LOTUS 1-2-3.

### **Grant Activity:**

The Ag Econ Scholars Mentoring Program, USDA-ERS. With Mykel Taylor. Amount \$60,000. October 1, 2015 – September 30, 2018.

Enhancing Pulse Value-Chain Performance through Improved Understanding of Consumer Behavior and Decision-Making, Legume Innovation Lab, USAID. With Vincent Amanor-Boadu and Kara Ross. Amount \$1,090,000. October 1, 2013 – September 30, 2017.

Effects of Farm and Off-Farm Income on Leverage of Farm Operator Households. Cooperative Agreement with USDA-ERS. Amount \$15,000. July 21, 2014 – September 30, 2016.

Analyzing Differences in Farm Financial Data: Comparing ARMS with Kansas and Illinois Farm Management Data. Cooperative Agreement with USDA-ERS. Amount \$15,000. May 1, 2013 – September 30, 2015.

Strategic Considerations for Australian Barley, Wheat, Rapeseed, and Sorghum, Grains Research and Development Corporation, Australia. With Mykel Taylor, Chatura Ariyaratne, and Dan O'Brien. Amount \$78,071. June 24, 2014 – September 1, 2014.

Pulse Chain Initiative - Zambia, Dry Grain Pulses CRSP, USAID. With Vincent Amanor-Boadu and Timothy Dalton. Amount \$571,940. June 1, 2010 – September 30, 2013.

A Study on Advancing Methodologies for Food Security Analysis and Vulnerability Assessment, Food and Agriculture Organization of the United Nations. Amount \$23,000. October 15, 2011 – September 15, 2012.

An External Review of the Financial Statement Collected by the Agricultural Resource Management Survey. Cooperative Agreement with USDA-ERS. With Christine Wilson and Charles Moss (University of Florida). Amount \$30,000. September 29, 2010 - March 31, 2012.

Impact of Government Payments on Financial Performance, Efficiency, and Uses of Funds. Cooperative Agreement with USDA-ERS. With Michael Langemeier. Amount \$15,156. September 11, 2009 - September 30, 2011.

Analyzing and Predicting Farm Stress and Insolvency. Cooperative Agreement with USDA-ERS. With Christine Wilson. Amount \$19,966. August 27, 2009 - September 30, 2010.

Travel Grant to Fayoum University in Egypt. Office of International Programs. With Shannon Washburn. Amount \$1,800. June 24, 2010 – July 3, 2010.

Global Awareness of the International Dimensions of Agriculture. USDA-CSREES International Science and Education, Amount \$99,917, April 1, 2006 - August 31, 2008.

Building and Maintaining Student Diversity, Kansas State Graduate School Recruitment Grant Initiative. With Lynnette Brummett. Amount \$750. July 1, 2006 - June 30, 2007.

Regional Economic Impacts of Implementation of the Conservation Reserve Enhancement Program in the Kansas Upper Arkansas River Basin, Kansas Water Office. With John Leatherman. Amount \$20,304, January 3, 2006 - June 30, 2006.

Building and Maintaining Student Diversity, Kansas State Graduate School Recruitment Grant Initiative. With Lynnette Brummett and Meagan Cramer. Amount \$750. July 1, 2005 - June 30, 2006.

Building and Maintaining Student Diversity, Kansas State Graduate School Recruitment Grant Initiative. With Lynnette Brummett and Meagan Cramer. Amount \$750. July 1, 2004 - June 30, 2005.

Improving Farm Competition: Explaining & Forecasting Farm Profitability, USDA National Research Initiative Competitive Grants Program. With Yann Duval and Terry L. Kastens. Amount \$82,000. December 1, 2002 - November 30, 2005.

Building and Maintaining Student Diversity, Kansas State Graduate School Recruitment Grant Initiative. With Dea Mandery and Meagan Cramer. Amount \$750. July 1, 2003 - June 30, 2004.

Building and Maintaining Student Diversity, Kansas State Graduate School Recruitment Grant Initiative. With Dea Mandery. Amount \$750. July 1, 2002 - June 30, 2003.

Attracting Minority and Underrepresented Students to the Master of Agribusiness Distance Education Program, Kansas State Graduate School Recruitment Grant Initiative. With Dea Mandery. Amount \$750. July 1, 2001 - June 30, 2002.

Federal Agricultural Policy Impacts to Kansas Rural Communities and Households, USDA National Research Initiative Competitive Grants Program. With John C. Leatherman, Kyle W. Stiegert, and Terry L. Kastens. Amount \$120,000. July 1, 1998 - June 30, 2001.

Yield Performance and Producer Experience, USDA Risk Management Agency, With Barry K. Goodwin and Kimberly Zeuli. Amount \$45,290, K-State share \$15,000, July 1, 1999 - June 30, 2001.

Identifying Effective Trade-Show Recruitment Procedures for Food and Agribusiness Professionals, Kansas State Graduate School Recruitment Grant Initiative. With Michael Boland. Amount \$750. July 1, 2000 - June 30, 2001.

Development of NPS Loan Fund Agreement, Kansas Department of Health and Environment. Amount \$5,000. April 1, 2000 - December 31, 2000.

Fellowship for January M. Mafuru. Amount \$11,150. January 1, 2000 - December 31, 2000.

Identifying Effective Recruitment Techniques for Food Processors and Retailers, Kansas State Graduate School Recruitment Grant Initiative. With Sandra J. Chapman. Amount \$750. October 1, 1999 - September 30, 2000.

Effectiveness of Internet Advertising for Marketing a Professional Graduate Distance Education Program, Kansas State Graduate School Recruitment Grant Initiative. With Sandra J. Chapman. Amount \$750. October 1, 1998 - September 30, 1999.

Risk Management Education: A Risk Management Club Approach, USDA-CREES, Risk Management Education Program. With Barry L. Flinchbaugh, G.A. Barnaby, Terry L. Kastens, Rodney Jones, and Larry N. Langemeier. Amount \$150,000. July 1, 1998 - June 30, 1999.

Impact of Soil Erosion and Fertility Mining in Wheat Farms of Northern Tanzania. Conservation, Food & Health Foundation, Inc. Support for Ephraim Nkonya for Dissertation work in Tanzania. Amount \$7,900. February 11, 1998 - April 1, 1999.

A Virtual Degree for Agribusiness Professionals and Extension Educators. USDA Agricultural Telecommunications Program. With Daniel J. Bernardo and Michael A. Boland. Amount \$104,851. September 15, 1997 - September 14, 1998.

Measuring Tax Policy Changes on the Well-Being of Kansas Farmers. Kansas State University Agricultural Experiment Station Grant. With Roger A. McEowen, James L. Davis, and Barry L. Flinchbaugh. Amount \$40,000. July 1, 1995 - June 30, 1997.

Optimal Capital Structure of Local Grain Marketing and Farm Supply Cooperatives Phase III. USDA, Cooperative Services, RDA. With David G. Barton. Amount \$32,000. September 30, 1994 - August 30, 1996.

Field Visit to Uganda for Millie Abaru African Dissertation Internship Award. The Rockefeller Foundation. Amount \$4,010. June 1, 1994 - November 30, 1994.

Optimal Capital Structure of Local Grain Marketing and Farm Supply Cooperatives. USDA, Agricultural Cooperative Service. With David G. Barton. Amount \$42,177. May 1, 1992 - September 30, 1994.

The Kansas Agricultural Economy: Trends and Perspectives. Kansas Inc., with James Mintert. Amount \$2,000. May 1, 1992 - August 1, 1992.

Cooperative Financial Database Acquisition and Analysis. Arthur Capper Cooperative Center Grant. With David G. Barton and Ted C. Schroeder. Amount \$5,000. July 1, 1991 - June 30, 1992.

The Effects of Agricultural Commodity Programs on Kansas Farm Family Consumption. Kansas State University Agricultural Experiment Station Grant. With Ted C. Schroeder. Amount \$18,000. October 1, 1988 - June 30, 1990.

An Economic Comparison of the Kansas State Data Bank Farm Records and Those Randomly Surveyed by USDA. Cooperative Agreement with USDA. With Larry N. Langemeier. Amount \$10,000. August 1, 1988 - September 30, 1990.
