CAREER OBJECTIVE

Be in a management position with results driven focus where I can directly contribute to the firm's productivity, operational efficiency, and sales execution through strategic planning & financial execution.

PROFESSIONAL EXPERIENCE

JBS PARAGUAY FOODS, ASUNCION,PY

Strategic Planning Manager, May 2016-May 2017

- Provided daily financial (P&L) results to Top Management through the use of dynamic online software (Qlikview).
- Identified and reported deviations (performance against target) in daily cattle supply.
- Developed a dynamic tool to monitor liquidity of accounts receivable and accounts payable.
- Implemented, Monitored & Controlled division's Key Performance Indicators (KPI) for all areas (commercial, operations and cattle procurement)
- Implemented, Monitored & Controlled Financial Budget.

JBS CANADA FOODS, CALGARY,AB

Business Analyst, Oct 2015 – April 2016

- Identified gaps and opportunities in Canadian's plant operations (production flow, yield performance, efficiency of lines and employee training).
- Performed benchmark analysis of division's sales (pricing, volume and revenue) against JBS USA sales performance.

JBS USA HOLDINGS, GREELEY,CO

Corporate Management Trainee, May 2015-Sep 2015

- Developed analytical tool that shows the poultry's divisions gaps and opportunities in mix and pricing.
- Assisted in developing a structure and framework to align division's key performance indicators (KPI) between all processes (sales, production and live operations).

AGRO.ICONE CONSULTANCY GROUP, SAO PAULO,BR

Research Intern,

- Analyzed and planned Brazilian's main agricultural activities.
- Conducted biodiesel analysis on soybean, palm oil and ethanol.
- Conducted economic analysis on production costs, farm management and decision making.
