## **OBJECTIVE**

---

To get a fulfilling career where I can have a larger impact on the agriculture industry, through risk management. Weather that be trough extension, consulting or running the risk management program for a large operation.

## **SKILLS**

---

I am a very fast learner and have not found any task I couldn't learn to do effectively and efficiently. I have lots of experience working in teams and leading them, but can also work very well alone. I have a very unique skill set with being able to do the physical jobs like welding, mechanics, equipment operation, and doctoring cattle. also having experience with statistical software like R, Stata, and being very proficient with excel, understanding markets, and being good with finances.

## **EDUCATION**

---

### ***Kansas State University***

M.S. Agricultural Economics

Anticipated graduation December 2017

### ***Oklahoma State University***

B.S. Agribusiness GPA 3.2

Graduated May 2014

## **EMPLOYMENT**

---

### ***Bartlett III Feedyard*** - Sublette, KS

May 19 2014-Aug 12 2016

Mike Gesling

620-271-2693

- Management Trainee - Learned about all the jobs within a feed yard by doing them, and working towards a supervisor position. Responsibilities included: riding pens and doctoring cattle, processing, checking wells, driving feed trucks, making feed, helping with yard maintenance, receiving and shipping cattle. Was in charge of some smaller projects, including water tank washing, shipping schedules, lotting new cattle, and teaching less experienced and newer employees.

### ***Glenflorrie Brahmas*** - Pilbara region. Western Australia

May 10 2013-Aug 12 2013

Murray Grey

[Bull07@hotmail.com](mailto:Bull07@hotmail.com)

- Ranch Hand - Rounded up cattle on horseback and with bull buggies. Sorted cattle to be preg checked, weaned, vaccinated, and readied for sale. Main responsibilities were readying bull buggies and horses for the roundups. Including getting feed for horses, fueling, fixing tires, and repairing other mechanical issues with the bull buggies. Also checked wells, repairing windmills and solar pumps as needed. As well as checking and repairing fences.

### ***Miratorg*** - Bryansk Oblast, Russia

May 28 2011-Aug 10 2012

Phil George

[Phil.George100@yahoo.com](mailto:Phil.George100@yahoo.com)

- Assistant Ranch Manager-Taught Russian employees all aspects of caring for beef cattle, while receiving shiploads of cattle, during large scale A.I. synchronization programs, 40,000 heifers in 2012, while calving 4,500 heifers in a 45-day calving season, and rode a ship with 5,000 head from Galveston to St. Petersburg treating sick cattle on board, with less than .1% loss.
