

# Cooperative Research Fellowship

Open to incoming and current K-State Agricultural Economics graduate students

**OPPORTUNITY:** Interested in graduate school? Want to learn more about cooperatives?  
Step 1: Apply to the M.S. or Ph.D program in the K-State Department of Agricultural Economics  
Step 2: Indicate your interest in the Cooperative Research Fellowship with the Arthur Capper Cooperative Center (ACCC) in your Statement of Objectives.

**WHY:** The fellow will work with Dr. Brian Briggeman, ACCC Director and AGEC Professor, to guide their research. Graduate students who worked with the ACCC have gone on to successful careers in industry and academia.

**WHAT:** Fellows will lead cooperative research projects and learn skills which can be applied across a variety of agribusiness and agricultural economic research areas. Fellows will also have opportunities to interact with industry partners.

**BENEFITS:** M.S Students: \$25,000/year assistantship, fringe benefits and tuition  
Ph.D. Students: \$30,000/year assistantship, fringe benefits and tuition
